

BWO Nymph

Hook: Daiichi 1530 Size 12-16
Thread: 8/0 Olive
Tail: Lemon Wood Duck Flank Fibers
Rib: Cooper Wire
Body: Olive Rabbit Fur Dubbing

Wingcase: Goose Wing Quill Fibers
Thorax: Olive Rabbit Fur Dubbing
Legs: Brown Partridge Fibers
Bead Head: 1/8 Spirit River B/H

1. Put on the bead head place in the vice and tie in.
2. Pull a bunch of lemon wood duck fibers and tie onto the bend of the hook for the tail.
3. Tie in a piece of cooper wire.
4. Dub in the abdomen with olive rabbit fur dubbing, go half way up the shank between the bend of the hook and the bead head.
5. Rib the cooper wire over the abdomen, tie in and cut.
6. Tie in a strip of goose wing quill fibers, for the wingcase.
7. Dub in the thorax using rabbit fur dubbing making it twice as large as the abdomen.
8. Pull wingcase over the thorax tie off at the bead and cut off excess wingcase material.
9. Using brown partridge fibers tie in under the thorax for legs. Tie in and cut off excess.
