REFERENCES -- No books are required for this course.

The Van Vliet book was used to lay out the course and is an excellent guide to follow along in class and to use while practicing at home.

Author: Jon Van Vliet
Title: Fly-Tying Techniques & Patterns (The Complete Fly Fisherman)
Format: Hardcover
Publisher: Creative Publishing International
ISBN: 0-86573-058-X
Price: Under \$25 (Amazon.com)

The Leeson / Schollmeyer book is a very well designed bench side guide book to help you in your tying while you are still mastering techniques. There are several benchside books. Note this one is the benchside "INTRODUCTION"

Authors: Ted Leeson and Jim Schollmeyer
Title: The Benchside Introduction to Fly Tying
Format: Spiral-bound Hardcover
Publisher: Frank Amato Publications
ISBN: 1 - 57188 - 369 - X
Price: \$30 (Amazon.com)

The first 50 pages of this oversized, spiral-bound book are filled with fly-tying techniques, the last 150 pages are cut horizontally across the page. The top half of the page shows the tying steps for 100+ of today's best patterns, and includes references to techniques that are explained and pictured in the bottom half. This unique format allows detailed instructions on each specific step/technique required to tie the fly-- more than 100 patterns. 1500+ color photos; 9x12 inches, 189 pgs.
First book of fly tying to allow readers simultaneous access to fly recipes, tying steps, & techniques

COURSE INFORMATION

- ALL COURSE INFORMATION IS AVAILABLE ON THE CLUB WEBSITE FOR YOU TO DOWNLOAD AND PRINT AS YOU WISH.
- THERE WILL BE NO PAPER HANDOUTS

FOR CLASS

- Recommend a 3-ring notebook with about 25 separators and notebook paper.
- Bring your own tools.
- Bring a lamp if you have one.
- Hooks will be provided in marked baggies. You should keep the hooks in the baggies from week to week as you build up the flies.
- Material will NOT be provided. Recommend you "buddy up" to acquire and share material. Use the material list on the website.

WEEK 1 HOOKS, THREAD, MATERIALS, KNOTS

- Review the FLY TYPES AND PATTERNS link on the club website.
- Review the WAPSI MATERIAL ENCYCLOPEDIA link on the club website.
- For knots, recommend you bring a few pieces of different diameter, different color cord or rope, and some pieces of fishing line.
- This is a good session for questions on material and thread.

WEEK 8 INVENT YOUR OWN

This is the no holds barred creativity week. Use what you have learned to build the most outrageous fly you can imagine -- any combination of hook, material, style, color.

Please put your creation in a container with your name on it.

At the end of the evening we will collect your results and present a prize to the winner at the Pizza Party

I WILL LOVE YOU FOREVER IF YOU RETURN THE HOOK BAGGIES YOU RECEIVED THE FIRST WEEK. PUTTING 400 LABELS IN BAGGIES WAS NOT A GOOD TIME. I WOULD APPRECIATE YOUR HELP.

WEEK 9 PIZZA PARTY AND PROGRAM

This will be a combined party with the Beginner Class. We will have to come to agreement on which night and which location.
